L'AZIENDA

OUR COMPANY

dal 1962

Da oltre 60 anni, CE.SI. inventa, progetta e realizza ceramiche di altissima qualità, apprezzate in tutto il mondo e capaci di soddisfare anche il cliente più esigente.

La continua ricerca sul colore, l'attenzione all'utilizzo di materie prime selezionate, fanno di CE.SI. un leader riconosciuto a livello internazionale, nella produzione di piastrelle in gres porcellanato per pavimenti e rivestimenti.

La varietà di formati colori e finiture disponibili, offre ai progettisti la possibilità di creare infinite combinazioni e soluzioni d'effetto.

Since more than 60 years CE.SI. is inventing, planning and realizing high quality ceramic tiles, known worldwide and able to satisfy also the most demanding client.

The continuous colour research, the use of selected raw materials, make CE.SI. an international known leader in porcelain stoneware production both for wall and floor.

The wide variety of sizes, colours and finishing offers endless combinations and interesting solutions.

COLOUR

La ricerca sul colore, portata avanti con coerenza e professionalità, si concretizza in una nuova gamma di prodotti da pavimento e rivestimento che costituiscono un progetto organico fatto di nuovi colori, superfici e formati tra loro compatibili.

I nostri prodotti offrono una superficie compatta e resistente, dai colori più brillanti e saturi: le materie prime selezionate che formano il supporto, garantiscono la totale assenza di impurità e una migliore distribuzione del colore.

Il colore è per eccellenza la parte dell'arte che possiede un dono magico.

Mentre il soggetto, la forma, la linea si rivolgono prima di tutto al pensiero, il colore non ha nessun significato per l'intelligenza, ma ha tutti i poteri sulla sensibilità, provoca delle sensazioni. Il mondo è disegnato dalla luce e plasmato dal colore. Il colore muove, esprime, sussurra, diverte. Il colore si intreccia con fantasia generando trame di materia e di racconti.

Research into colour, carried forth consistently and professionally, takes shape in a new range of wall and floor products that form a systematic project made of new colours, surfaces and sizes all modular with each other.

Our products offer a compact, hardwearing surface with the brightest and fullest colours. The selected raw materials ensure a total absence of impurities and a better distribution of colour. The colour is part of the excellence that has a magical gift. While the subject, form, line turn first of all in thought, the color has no meaning for the intelligence but all powers on sensitivity, causing sensations. The world is drawn by the light and defined by colour. Colour moves, expresses, whispers, amuses. Colour confuses with fantasy, creating new material and tales.

SUGGESTION

Il sistema colore NCS definito come "The Universal Language of Colour" è ad oggi il più diffuso ed utilizzato a fini pratici a livello mondiale da aziende produttrici, architetti, designer. Attraverso questa tabella diamo dei suggerimenti di corrispondenza di colore, non identica ma abbinabile alle nostre tinte unite.

Ncs, or Natural Colour System, also known as "The Universal Language of Colours", is the most popular and used worldwide by producers, architects and designers. By this chart we are able to suggest the best matching colour with our plain colours collection.

PROGETTA A COLORI

PROJECT BY COLOUR

La collezione CE.SI. è caratterizzata da un'ampia gamma di superfici: matt, lucidi, antislip, che possono essere abbinati tra loro, grazie alla fedeltà cromatica che le caratterizza, per generare proposte dall'alto valore estetico-progettuale.

The collection CE.SI. is composed by a wide range of surfaces: matt - glossy - antislip which, thanks to high chromatic precision, can be perfectly matched together, creating proposals of a high aesthetic and design value.

MATCHING COLOURS

I Classici

L'intensa e vivace gamma cromatica delle piastrelle armonizza sapientemente design ed eleganza.

Proposte di posa, creative ed originali, in cui colori di tendenza e piacevoli giochi di luce delle diverse superfici di pavimenti e rivestimenti caratterizzano sia spazi pubblici che ambienti residenziali unici.

The rich and vivid chromatic tile range skilfully harmonizes design and grace.

Artistic and original laying proposals typify public spaces and residential locations with trend colours and plays of light and surfaces.

Modularità

MODULARITY

La collezione è composta da diversi formati e pezzi speciali, perfettamente modulari tra loro per consentire un'infinita varietà di soluzioni di posa.

Il calibro costante, l'assoluta planarità e ortogonalità delle superfici permette la composizione modulare dei diversi formati e offre al progettista soluzioni compositive originali e innovative per l'edilizia pubblica e residenziale.

Gres porcellanato smaltato classificato gruppo B1b - assorbimento acqua compreso tra 0,5 e 3% - adatto per posa all'interno ed esterno.

Realizzato nei formati: 5x5 / 6x25 / 7,5x7,5 / 7,5x15 / 10x10 / 15x15 / 5x20 / 10x20 / 20x20 / 10x60 / 20x60 / 10x30 / 30x30 e nei formati su rete 3x10 / 5x5 / 2,5x2,5.

The perfect modularity of sizes and special trims allows an endless variety of laying solutions.

The constant caliber, the absolute flatness and orthogonality of the surfaces allows many modular compositions of the different formats, colours and finishes available in our range and offers the designer original solutions for residential and public projects.

Porcelain stoneware belonging to B1b group - water absorption between 0,5 and 3% - suitable for in - and outdoor. Available in sizes: 5x5 / 7,5x7,5 / 7,5x15 / 10x10 / 15x15 / 5x20 / 6x25 / 10x20 / 20x20 / 10x60 / 20x60 / 10x30 / 30x30 and mesh mounted 3x10 / 5x5 / 2,5x2,5.

La Collezione si compone di 6 decori declinati in 2 varianti colore. La luce, specchiandosi sulla superficie gioca a rimpiattino tra i pieni e i vuoti del disegno.

This Collection is composed by six motifs available in two colours. Light, reflecting on the tile surface, seems playing hide and seek with the pattern self.

METRO COLLECTION

Una collezione vintage che ripropone un classico tipico del metrò parigino, dei primi anni del secolo scorso, nei formati: 7,5x7,5 e 7,5x15 diamantato, 7,5x15.

La serie è di particolare effetto grazie al suo aspetto tridimensionale e al gioco di luce ed ombra che la sua superficie sfaccettata crea in presenza della diversa illuminazione.

La gamma di colori riproposta in colori tradizionali, grazie ai molteplici pezzi speciali a completamento rende le serie metro fruibile in diversi ambienti sia pubblici sia privati.

A vintage collection which proposes a typical classic tile being used in Parisian underground stations since last Century.

Its three dimensional look is really catching and the cut surface creates light and shade effects under lighting.

The traditional colours and the various matching special trims make Metro range suitable both for public and private locations.

Pezzi speciali

SPECIAL TRIMS

La serie metro si completa con i suoi pezzi speciali in gres porcellanato smaltato.

Sempre più richiesti, sia per questioni di igiene e sicurezza, che per il loro valore estetico, facilitano la posa e donano un gusto squisitamente retrò agli ambienti.

Special trims in glazed porcelain stoneware integrate metro range.

They are more and more demanded, both for safety and hygiene matters and for their aesthetic value.

Special trims simplify the laying and give a delighfull retrò taste to the settings.

Un disegno, una scritta, un logo, un simbolo... qualsiasi progetto viene scomposto e frammentato per ritrovare nuova vita nelle tessere colorate e diventare un prezioso mosaico. Non ci sono limiti alla realizzazione: le tessere premontate possono essere assemblate per creare grandi pareti a mosaico; tutta la gamma dei 40 colori matt e 20 lucidi 2,5x2,5, 5x5 cm è disponibile per creare sfumature e volumi: l'unico limite nei formati è la propria fantasia.

A drawing, a logo, a symbol, any kind of project is scomposed and splitted up in coloured tesseras finding a new life and becoming a preciuos mosaic.

Sizes 2,5x2,5 and 5x5 cms are available to create nuances and volumes: the only limit is your fantasy.

Il transfer rappresenta l'evoluzione dei sistemi di decorazione che, negli ultimi anni, hanno rivoluzionato il processo di decorazione delle piastrelle.

Grazie a queste tecniche, la piastrella da mero elemento di rivestimento per pareti e pavimentazioni si è trasformata in oggetto di arredamento di interni e di design, grazie a pattern colorati.

Ogni immagine, logo, foto, disegno può essere trasferita mantenendo le caratteristiche tecniche del supporto ceramico in gres porcellanato di resistenza alle abrasioni e agli acidi. Libertà di espressione negli ambienti privati ed un forte potenziale di comunicazione nei luoghi pubblici o di rappresentanza. I transfer possono essere realizzati sui formati 7,5x15, 7,5x15 diamantato, 10x10, 20x20, 10x30 e 15x15 su finitura lucida e/o matt.

Transfer is the evolution of decoration systems which, recently, transformed the decoration process.

Thanks to these techniques, tile is no more a mere covering element for walls and floors, but it becomes a real interior design part.

Any picture can be transferred keeping anyway the technical features of the ceramic tile, such as resistance to abrasion and acids. Freedom of communication in private places and strong impact in public places.

Transfer can be made on 7,5x15, 7,5x15 diamantato, 10x10, 20x20, 10x30 and 15x15 cms tiles.

Available in glossy or matt finishing.

Unico ed esclusivo

Grazie alla nostra tecnologia è possibile creare la tua piastrella unica ed esclusiva in gres porcellanato matt o lucido.

Il prodotto, realizzato con il nostro sistema, rimane stabile nel tempo senza subire alterazioni. È pensato per uso sia in interno sia in esterno; è in grado di resistere agli agenti atmosferici: acqua, vento, grandine, sole e non è attaccabile dagli acidi.

La cottura avviene per terzo fuoco. Le temperature e curve del forno variano a seconda dei formati utilizzati.

Thanks to our transfer technic, you can create your unique and exclusive tile, both in mat and glossy finishing.

The product, planned for both in and outdoor use, is anti-acid, resists to any weather conditions and doesn't suffer any change over time.

It's produced by third firing which temperatures vary according to tile size.

5x5 ESAGONO // FULL BODY

La collezione Esagono, in 5x5 su rete, assortita negli stessi 8 colori che caratterizzano la serie Art Déco, permette una molteplicità di usi e soluzioni.

Il materiale è adatto sia per pavimenti che per rivestimenti, in tinta unita oppure come elemento decorativo su disegno personalizzato.

L'estrema resistenza, la superficie R10 a+b, lo rendono il prodotto ideale per ambienti sia residenziali che commerciali e per la posa in esterno.

Esagono range in 5x5 on net produced in the same 8 colours as full body Art Déco, allows a variety of uses and solutions.

This product is suitable for wall and floor, it is available in plain colour or as a decoration (on project).

Its resistance together with its antislip R10 a+b surface make it the ultimate product for public and residential setting and for outdoor use.

10x10 OTTAGONO // ART DÉCO

La serie abbina le caratteristiche tecniche del Full Body, gres porcellanato colorato in massa, alla particolarità delle forme geometriche dal sapore retrò.

Disponibile nella composizione su rete (ottagono 10x10 e tozzetto 3,5x3,5), viene proposto in 11 varianti monocolori coordinabili con le bordure e gli altri formati della linea Full Body. Ideale per la pavimentazione di ambienti sia pubblici sia privati combina alla resistenza del materiale una superficie antiscivolo R10 A+B.

Utilizza la nostra applicazione Full Body Art Déco per creare la tua composizione per la serie ottagonio.

([www.cesiceramica.it/progetta-online / art déco](http://www.cesiceramica.it/progetta-online/art-déco))

This range combines Full Body technical features (unglazed porcelain R10 A+B) and geometrical shapes, giving a vintage zest to the final product.

It is available in 10x10 patterns on mesh (octogone and taco) in 11 plain colors which match with borders and other sizes of Full body range.

It is the ultimate product for both public and private flooring thanks to its antislip surface.

Use our Full Body Art Déco to create your own composition.

Mosaico su rete, caratterizzato dal particolare formato a "farfalla", disponibile sia in tinta unita sia su disegno personalizzato, prodotto in 9 varianti colori si coordina perfettamente alla nostra serie full body, offrendo un'infinità varietà di decori e pattern. Il materiale è adatto sia per pavimenti sia per rivestimenti, per ambienti residenziali o commerciali. Grazie alle caratteristiche tecniche del gres porcellanato tutta massa (full body R 10 A+B) è ideale sia per uso in interno sia in esterno.

Mosaic on mesh, typified by its peculiar "butterfly" shape, available in plain colour or completely customized. Our collection consists in 9 solid colours, perfectly matched with our Full Body range, offering a huge variety of possible patterns. This tile is suitable for floor and wall, both in residential and public buildings. The technical features of our Full Body Butterfly (R10 A+B) make it perfect for in and outdoor use.

RAPSODIA MIX 12 DECORI

CE.SI. presenta la serie Epoque: dodici decori che descrivono il passare del tempo, capaci di permettere la creazione di ambienti sia dal sapore retrò sia di assoluta modernità. Prodotti in 20x20, con le stesse caratteristiche tecniche della serie Full Body R10 A+B e ad essa coordinati, sono adatti al rivestimento di pavimenti e pareti, interni ed esterni, residenziali e commerciali.

CE.SI. introduces its Epoque range: 12 patterns witnessing the course of time, able to allow the creation of both retro and absolute innovative settings.

The range is produced in 20x20, with the same technical characteristics and matching with Full Body R10 A+B range. They are suitable for interior and exterior walls and floors, both for residential and commercial buildings.

Lucido&Strutturato

La collezione COSMO realizzata in un unico formato 6x25 ispirato alle nuove tendenze di design e arredamento, unisce alle alte performance del gres porcellanato smaltato lucido o full body R10 A+B, una superficie strutturata che dona un particolare gioco di luce e texture.

Disponibile in 3 colori lucidi strutturati classici ma sempre attuali: bianco, avorio, nero e in 4 colori full body: bianco, nero, grigio scuro, tortora. La gamma cromatica è coordinata con gli altri formati della serie CE.SI.

COSMO range in 6x25 (single size) draws its inspiration from the new design trends; it combines the high performances of both glazed and unglazed porcelain stoneware (gloss and full body R10 A+B) with a rough surface, which produces characteristic texture and light effects.

The range is available in three gloss structured colours: white - beige - black and four Full body colours: grey-black-white-dove-grey. This colour selection matches with different sizes in CE.SI. collection.

AVVERTENZE

WARNINGS - NOTICES - EINWEISUNGEN

Controllare prima della posa: tonalità, calibro e scelta. Non si accettano reclami relativi a materiale già posato. Non si accettano contestazioni per materiale posato senza l'uso di massetti, sottofondi, adesivi idonei e adeguati. Il materiale CE.SI. non necessita di particolari cure e nessun trattamento aggiuntivo dopo la posa. Si raccomanda a fine cantiere di effettuare una pulizia molto accurata con detergenti tipo DETERDEK o simili. Consigliamo una fuga di almeno 2mm, in particolare combinando piastrelle di diversi formati. I colori VERMIGLIO, CROMO, VANADIO, CORALLO, in tutti i loro formati possono presentare una lieve puntinatura nera e una stonizzazione dovuta alla particolarità del colorante utilizzato. Le variazioni di tono e dimensione rientrano nelle tolleranze di un processo produttivo artigianale e, sono da considerarsi, per questo, caratteristiche proprie del prodotto. Per la stuccatura e la posa del colore GOLD e SILVER si consiglia l'uso di materiale epossidico o stucchi a grana molto fine. Il formato 10x60cm presenta un lato tagliato a spigolo vivo (lato lungo), nella posa verticale si consiglia di posare tale lato tagliato sempre nello stesso verso (dx o sx) mentre nella posa orizzontale si suggerisce di posare il lato tagliato sempre verso il basso. Nel formato 5x20cm entrambi i lati da 200mm sono a spigolo vivo.

Before tile setting, please verify shade, calibre and choice. Claims for material already laid will not be accepted. CE.SI. products do not require any particular care or additional treatment after installation. Once all work on site is completed, we strongly recommend a careful cleaning using DETERDEK, or a similar cleaning detergent, to remove all the dust created. At least 2mm grout line is required, especially by laying different sizes together. Small black dots and light fade showing on VERMIGLIO, CROMO, VANADIO, CORALLO are characteristics of these colour glazes. Dimensional and chromatic variations are peculiar of an handmade production process and are distinctive features of the product. For laying and grouting GOLD and SILVER, we recommend Epoxy material or fine-grained plasters. To install 10x60 we suggest: by horizontal laying, all cut edges facing down (long side edges parallel to the floor), by vertical laying, all cut edges following one single direction (long side edges perpendicular to the floor). 200mm sides in 5x20 are cut sharp edges.

Avant la pose il est nécessaire de contrôler nuance, calibre et choix. Les réclamations relatives aux carreaux déjà posés ne pourront pas être acceptées. Les carreaux CE.SI. ne demandent aucun soin ni traitement particulier après la pose. Nous conseillons, en fin chantier, un nettoyage soigné avec des produits comme DETERDEK. Nous conseillons, de faire un joint d'au moins 2 mm, surtout si différents formats sont posés ensemble. VERMIGLIO, CROMO, VANADIO, CORALLO, peuvent présenter de petits points noirs et dénuancés à cause de la spécificité du colorant utilisé. Les variations des dimensions et des couleurs, inhérentes à une production artisanale, sont à considérer comme des caractéristiques distinctives du produit. Pour la pose des carreaux Métro GOLD et SILVER, nous conseillons l'utilisation d'un joint Epoxy ou à grain fin. Nous suggérons de poser 10x60: en horizontal, avec les longs cotés parallèles au sol, avec les bord vif vers le bas en vertical, avec les longs cotés perpendiculaires au sol, avec les bord vif orientés dans la même direction.

Wichtig vor der Verlegung Farbton, Kaliber und Sortierung prüfen. Nach Verlegung der Fliesen werden keine Reklamationen berücksichtigt. In Anschluss an die Verlegung, empfehlen wir eine intensive Grundreinigung mit folgende Reinigungsmittel (oder ähnliche) DETERDEK. In der Unterhaltspflege empfiehlt CESI rückstandsfreie Reiniger. Bei der Verlegung mit verschiedene Formaten, empfehlen wir eine Fuge von mindestens 2mm zu behalten. Auf die Farben VERMIGLIO, CROMO, VANADIO, CORALLO könnten schwarze Punkte unter der Glasur erscheinen, diese sind eine Besonderheit der verwendeten Glasuren und somit kein Reklamationsgrund. Größen- und Tonabweichungen gehören zu den Toleranzen eines handwerklichen Herstellungsprozesses und sind daher ein Produktmerkmal. Für die Verlegung und die Fugen von GOLD und SILVER, benutzen Sie Epoxy oder feinkörniges Material. Es wird empfohlen das 10x60 so zu verlegen: Horizontal mit der Schnittkante nach unten. Vertikal: mit der Schnittkante immer in die gleiche Richtung (Seite). Die lange Seite der 5x20 ist scharfkantig.

ART DÉCO - OTTAGONO - STELLA - CUBO
PROPOSTE CROMATICHE
FLOOR PATTERN . COMBINAISONS DE COULEURS . FARBEN VORSCHLÄGE

Le proposte cromatiche si intendono unicamente come esempi esplicativi. Tutte le composizioni possono essere fornite miscelando gli 11 colori (zaffiro, giada, agata, fluoro, xeno, sodio, gres, bromo, carbonio, nickel, alluminio). Le composizioni serie: OTTAGONO, CUBO e STELLA vengono fornite già montate su rete. Per colori e imballi fare riferimento a Tabella di pag. 134-140-142 (colori) e Tabella pag. 174 (q.tà e imballi). Le bordure di pag. 144, sono fornite su rete e possono essere utilizzate con qualsiasi tipo di pavimento.

The colour combinations are intended as an examples only. All the named patterns can be supplied in any combination of the 11 colours (zaffiro, giada, agata, fluoro, xeno, sodio, gres, bromo, carbonio, nickel, alluminio) OTTAGONO, CUBO, STELLA combinations are supplied mesh mounted. Colours and packaging are shown on page 134-140-142 and 174. Borders shown on page 144 are supplied mesh mounted and can be used with any floor tile.

Les compositions de couleurs illustrées sont données uniquement à titre indicatif. Toutes les compositions proposées sont disponibles dans toutes les combinaisons des 11 couleurs (zaffiro, giada, agata, fluoro, xeno, sodio, gres, bromo, carbonio, nickel, alluminio). Les compositions des séries: OTTAGONO, CUBO et STELLA sont fournies sur trame. Couleurs et emballages sont indiqués aux pages 134-140-142 et 174. Les bordures illustrées à la page 144, fournies sur trame, peuvent être utilisées avec tous types de sol.

Die gezeigten Vorschläge sind nur erklärende Beispiele. Alle Kompositionen können mit den 11 Farben (zaffiro, giada, agata, fluoro, xeno, sodio, gres, bromo, carbonio, nickel, alluminio) gemischt und geliefert werden. Die folgende Kompositionen: OTTAGONO, CUBO und STELLA sind schon auf Netz geklebt lieferbar. Die Farben und Verpackungseinheiten sind auf Seite 134-140-142 und 174. Die verfügbaren Netz geklebten Bordüren können mit alle Bodenflächen kombiniert werden, siehe Seite 144
